

Welcome to our **Smoke-FREE** Environment

At Canada Inns we are working hard to improve our guests environment and in this spirit, we are pleased to announce that as of November 30th, 2006 all our Hotels will become **Smoke-FREE** venues including our guest rooms.

We understand our guests expressed interest in living a healthy lifestyle and support their wishes for a comfortable, clean and **Smoke-FREE environment**.

All our indoor areas within the hotel are now Non-Smoking.

Thank you for your cooperation.
